- 8.10 In addition, we may in our absolute discretion reject your sell order (in whole or in part) if for any other reason we consider that there is or may be non-compliance with any China Connect Laws or China Connect Rules. Any risk, loss or cost resulting from non-compliance or potential non-compliance with Pre-Trade Checking and/or the relevant China Connect Laws or China Connect Rules shall be borne by you.
- 8.11 If you give any sell order in respect of any China Connect Securities allocated to any fund managed by you, you undertake to ensure that there are sufficient available China Connect Securities in your account allocated to such fund by the applicable cut-off time (as notified to you by us from time to time) to cover any such proposed sell order on the relevant Trading Day. In all cases, it is your responsibility to ensure that each of the funds managed by you complies with all China Connect Laws and China Connect Rules to which the relevant fund may be subject.

Any risk, loss or cost resulting from non-compliance or potential non-compliance with Pre Trade Checking and/or the relevant China Connect Laws or China Connect Rules shall be borne by you.

9. Covered Short Selling

We will only accept genuine long sale orders over China Connect Securities unless we have informed you of our consent to providing covered short selling services. You acknowledge that unless you indicate otherwise to us, we will treat any sell order submitted by you to us as being a genuine long sale order (without any corresponding borrow in your inventory).

10. Settlement and Currency Conversion

- 10.1 As all Northbound trading is effected and settled in Renminbi, if we do not receive sufficient Renminbi before settlement of a Northbound buy order to settle such purchase of China Connect Securities, settlement may be delayed and/or fail and you may not acquire title to, or become entitled to sell or transfer the relevant China Connect Securities. Where we hold any funds on your behalf, if there are insufficient Renminbi funds to settle any Northbound buy order or other payment obligation in connection with

China Connect, you authorise us to convert any funds in any other currency which we hold on your behalf into Renminbi for the purposes of settlement thereof.

- 10.2 Notwithstanding any provisions in the Existing Terms, where it is necessary to convert one currency to another pursuant to these China Connect Terms, such conversion may be carried out automatically by us in a commercially reasonable manner without prior notice to you. Any risk, loss or cost (including fees, charges and/or commissions) in connection with or resulting from any conversion of one currency into another currency pursuant to these China Connect Terms shall be borne by you.
- 10.3 Unless otherwise agreed with us, all buy or sell orders to be settled through an SPSA and/or Mapped SPSA(s) will be settled between you and us in accordance with the delivery versus payment basis for settlement instructions as set out in the operation procedures issued by CCASS with respect to China Connect Securities.

You agree and acknowledge that the timing of such settlement between you and us may be different from the timing of the settlement arrangements between HKSCC and us on your behalf in connection with the same order. In the event that the we are required to settle funds with you prior to us receiving the corresponding funds from HKSCC in settlement of a trade on your behalf, you agree that such funds shall be treated as a loan by us to you which shall be repayable, in whole or in part, within 2 hours of demand or such shorter period of time as we may in our absolute discretion determine and shall be secured and bear interest at such rate(s) determined by us to be applicable from time to time.

- 10.4 By placing an SPSA Sell Order and/or Master SPSA Sell Order, you hereby authorise us to give such instructions and information relating to the SPSA Sell Order and/or Master SPSA Sell Order (including the investor identification number and Master SPSA ID) to your Custodian Participant and its affiliates as may be necessary or desirable to procure timely settlement of any resulting transaction, and you agree to be bound by such resulting transaction and to settle such transaction in a timely manner, without further confirmation from you to us or your custodian prior to settlement. You agree that you will not modify the settlement arrangements for an SPSA Sell Order and/or Master SPSA Sell Order after we have executed such SPSA Sell Order and/or Master SPSA Sell Order. Subject to the aforesaid, we shall be responsible for losses caused directly as a result of any incorrect instruction or information we sent to the Custodian Participant for settlement purpose.
- 10.5 You agree that in the event that an order (including an SPSA Sell Order and Master SPSA Sell Order) results in a transaction which is not settled in a timely manner, we have the right to immediately and without prior notice to you take such action as we consider appropriate to reduce or eliminate any loss or liability that we suffer or may suffer (including but not limited to taking any steps to sell, realize, dispose of or otherwise deal with the relevant China Connect Securities) and that you shall indemnify and hold us harmless for any liabilities, expenses or other losses we may incur in exercising the foregoing right. You further agree that we shall have no liability to you for any loss, diminution in value or other damages whatsoever for any action or inaction of us or our agents pursuant to this Clause.
- 10.6 Notwithstanding any provisions in the Existing Terms, where we determine that there is insufficient liquidity in RMB to settle any buy orders, we may, in our sole and absolute discretion, reject your instructions to place such buy order.

11. Sale, Transfer and Disgorgement

- 11.1 Where, under the terms of the China Connect Rules, we receive notice (a "**Forced-sale Notice**") from a China Connect Authority or China Connect Entity requiring us to sell and liquidate a specified number of China Connect Securities, we shall be entitled to issue a corresponding notice (a "**Client Forced-sale Notice**") to you requesting you to sell and liquidate any number of such China Connect Securities that you hold in your account with us (as determined by us in our sole discretion) within the period specified by the

SEHK Rules
14A08(7) and
14B08(7)

relevant China Connect Authority or China Connect Entity, and you undertake to comply with any such Client Forced-sale Notice.

- 11.2 In relation to any Forced-sale Notice, you authorise us to sell or arrange for the sale of such China Connect Securities on your behalf at such price and on such terms as we may determine in our absolute discretion if you fail to comply in a timely manner with a Client Forced-sale Notice, to the extent necessary to comply with all China Connect Laws and China Connect Rules. SEHK Rules 14A08(5) to (12) and 14B08(5) to (12)
SEHK Rules 14A08(7) and 14B08(7)
- 11.3 Where China Connect Securities owned by you that are the subject of a Client Forced-sale Notice have been transferred from the holding of the Clearing Participant that settled the relevant Northbound buy order (the "**Original CP**") to another Clearing Participant or custodian (the "**Recipient Agent**"), you authorise us to provide instructions to the Recipient Agent on your behalf to return the relevant China Connect Securities to the Original CP for sale and liquidation in accordance with all China Connect Laws and China Connect Rules. You also undertake to inform the Recipient Agent of such authorisation and, where required, you undertake to instruct the Recipient Agent to act accordingly. CCASS Rule 4110(iv)
- 11.4 You authorise us to sell or arrange for the sale of any amount of China Connect Securities owned by you if we receive notice from any China Connect Authority requiring you to disgorge any profits as a result of the "short swing profit rule", as described in paragraph 15 (*Short Swing Profit Rule*) of the Schedule hereto.
- 11.5 In addition to the above, you authorise us to sell, transfer or carry out any other action in relation to China Connect Securities owned by you if we are instructed to do so by any China Connect Authority or if we otherwise determine in our absolute discretion that it is necessary or desirable to do so in order to comply with any China Connect Laws or China Connect Rules.
- 11.6 Neither we nor any Related Person shall have any liability for any losses or risks which may result directly or indirectly from any actions taken by us or a Related Person in respect of this Clause.

- 12.3.1 You authorise us to establish on our books a custody account or accounts (the "**Custody Account**") for the receipt, safekeeping and maintenance of China Connect Securities.
- 12.3.2 We will determine in our reasonable discretion whether to accept in the Custody Account any proposed delivery of China Connect Securities.

12.4 **Custodial procedures**

- 12.4.1 We will be under no obligation to credit China Connect Securities to the Custody Account before our receipt of such China Connect Securities by final settlement.
- 12.4.2 If we receive one or more instructions to deliver from the Custody Account an amount of China Connect Securities exceeding those credited to the Custody Account, we may reject any such instruction or elect to perform any instruction in whole or in part, and in any order.
- 12.4.3 You acknowledge that deliveries of China Connect Securities and payments therefor may not be simultaneous. Accordingly, if we receive an instruction to deliver China Connect Securities against payment or to pay for China Connect Securities against delivery, we may make or accept payment for or delivery of China Connect Securities in accordance with relevant market practices and/or rules and/or applicable law or regulation.
- 12.4.4 We shall make payment for and/or receive or deliver China Connect Securities only upon receipt of and in accordance with specific instructions (except as otherwise specifically provided in these China Connect Terms).
- 12.4.5 Unless we have received and accepted a contrary instruction, we may carry out the following without any instruction:
 - (i) in your name or on your behalf, sign any document relating to China Connect Securities which may be required (i) to obtain receipt of any China Connect Securities or funds or (ii) by any tax or regulatory authority; and

- 12.4.6 You acknowledge that we may re-deliver to you or to your usual custodian, at such time as we may determine in our absolute discretion, any China Connect Securities which have not been utilised by us in the settlement of any transaction on your behalf. You acknowledge that we may, within one trading day of receipt, deliver or pay to you or your usual custodian or bank (net of any fees or other expenses payable by you to us) any distribution or payment received by us in respect of China Connect Securities for your account. You will, promptly on our request, give such instructions (to us and/or your usual custodian and/or any other person) as we may require to pre-authorise any such re-delivery or payment.
- 12.4.7 In circumstances where we have not, after using reasonable endeavours, been able to (a) re-deliver to you or to your usual custodian or bank any such China Connect Securities, or (b) deliver or pay to you or your usual custodian any such distribution or payment, including, for example, and without limitation, where (a) you fail to provide such instructions upon our reasonable request and/or (b) your usual custodian refuses to accept any such delivery of China Connect Securities or payment, you authorise us in our absolute discretion to sell, liquidate or otherwise dispose of the relevant China Connect Securities and to transfer the sale, liquidation and/or disposal proceeds and/or any distribution or payment to your usual bank account or, if there is no bank account, to an account established for you by us with a third party bank selected by us in our absolute discretion pending instructions for payment to your preferred account.

any notice, circular, report, announcement or similar corporate action in respect of China Connect Securities. You acknowledge that in certain circumstances, including, without limitation, as a result of any China Connect Laws or China Connect Rules, it may be difficult, impracticable or impermissible for HKSCC or its nominee (and for us or you) to exercise any rights or entitlements or to participate in any actions, transactions or other matters in respect of China Connect Securities. If we make any such collection or receipt, take any such action or give you any such notification or take any action pursuant to any such notification, we shall not have:

- (i) any liability in respect of any inaccuracies or delays; and
- (ii) any obligation to continue or repeat any such action.

12.5 Pooling/sub-custodians/clearance systems

12.5.1 We may pool China Connect Securities and treat them as fungible with the same China Connect Securities of other clients. We may at any time allocate equivalent China Connect Securities to you and shall not be bound to return to you the original China Connect Securities delivered to us.

12.5.2 We may deposit China Connect Securities with any sub-custodian or with any clearance system as required by law, regulation or market practice, and are not responsible for performance by or monitoring of any sub-custodian or by any clearance system or its practices. In addition, we shall not be liable for any act or omission by, or the insolvency of, any clearance system. In the event you incur a loss due to the negligence, wilful default, or insolvency of any clearance system, we will make reasonable endeavours, in our discretion, to seek recovery from the relevant clearance system, but we will not be under any obligation to institute legal proceedings, file any proof of claim in any insolvency proceeding, or take any similar action.

12.6 Confirmations by you

12.6.1 You confirm that during the subsistence of these China Connect Terms:

- (i) you have authority to deposit and hold China Connect Securities in the Custody Account and there is no claim or encumbrance that will or may adversely affect any delivery of China Connect Securities; and
- (ii) if you act as an agent for any of your own customers, whether or not expressly identified to us at any time, no such customer shall be or be considered a customer or indirect customer of us, and your obligations under these China Connect Terms are as principal.

12.6.2 You will, promptly on our request, execute such documents and do such acts and things as we may require in order to perform our obligations under these China Connect Terms or otherwise to comply with the China Connect Rules or China Connect Laws.

12.7 Custodial duties and liabilities

- (iii) any event or circumstance beyond our reasonable control.

12.7.3 In respect of any custodial services described in this Clause:

- (i) we will not be liable for any loss or damage suffered by you unless such loss or damage results from our negligence, wilful misconduct or fraud;
- (ii) we shall not be liable for consequential loss or damage (including, without limitation, lost profits) in any circumstances, whether or not foreseeable and regardless of the type of action in which such a claim may be brought, with respect to the Custody Account or our services hereunder; and

(iii) in the case of negligence or wilful misconduct our liability shall not exceed the replacement cost or the market value of the relevant China Connect Securities at the relevant time (whichever is lower).

12.7.4 We may establish cut-off times for receipt of instructions. If we receive an instruction after an established cut-off time, we may regard the instruction as having been received on the following Trading Day and act on it accordingly.

12.8 Interest

No interest will be payable on your Custody Account.

12.9 Lien

In addition to any other remedy we may have, we shall have a continuing general lien on all China Connect Securities held for you or your account, for all amounts due or owing by you to us.

13. Client Information

13.1 Retention of records: if you instruct us to effect a Northbound transaction in China Connect Securities on behalf of your client (a "**Client Transaction**"), you shall retain for a period of not less than 20 years (or such other period as we may instruct you in accordance with China Connect Laws or China Connect Rules) records of any client instructions and account information in relation to the Client Transaction (such records the "**Client Information**").

13.2 Your client acting as intermediary: if you instruct us to effect a Client Transaction and you are aware that your client is acting as an intermediary (either directly or indirectly through other intermediaries) for another person who is the beneficial owner of the Client Transaction, you undertake and confirm that you have arrangements in place:

13.2.1 requiring your client to retain or procure the retention of the Client Information in relation to the beneficial owner of the Client Transaction for the period specified in Clause 13.1; and

13.2.2 which entitle you to obtain and disclose the Client Information in relation to the beneficial owner upon request and within the required timeline specified by us, or procure that it be so obtained and disclosed.

12.3 Disclosure of information to China Connect Authority: If we receive an enquiry from any China Connect Authority in relation to a Client Transaction, you shall, upon request and within the time limit specified by us, disclose to us or to the relevant China Connect Authority the Client Information or procure such disclosure, in relation to the beneficial owner of the Client Transaction.

14. Taxation

14.1 In addition and without prejudice to any of our rights under the Existing Terms, you will indemnify us and any Related Persons (together, the "**Indemnified Parties**") on a full indemnity basis against any Taxes of whatever nature that are incurred by, assessed on or imposed upon any Indemnified Parties by any China Connect Authorities and/or the State of Administration of Tax of Mainland China at any time in connection with any purchase, sale or closing out of any orders/transactions entered into by us as agent on your behalf.

14.2 You shall be responsible for paying all Taxes, and you shall be required to comply with any filing or registration obligations, in each case as may be required under any China Connect Laws or China Connect Rules relating to any China Connect Securities and any dividends or entitlements in respect of such China Connect Securities.

14.3 In the event we are required under China Connect Laws or China Connect Rules to pay any Taxes, we may notify you whenever necessary and request that you provide us with relevant information as we may deem necessary to fulfill our obligations. You must

provide to us, promptly on such request, such information and documents such as but not limited to costs of your purchase of the China Connect Securities, your and/or any underlying beneficial owner's tax status or residence. We may withhold or deduct relevant Taxes from any amount due to you and you will remain liable for any shortfall.

- 14.4 In the event we do not receive any requested information from you within a reasonable period of time to fulfill our obligations, we shall be forthwith entitled in our absolute discretion, without further notice or demand to you, to satisfy any obligation of us or you to pay or account for any amounts in respect of any Taxes by selling, realizing or otherwise dealing with, in such manner as we in our absolute discretion may determine, all or part of any property held by us for any purpose in any of your accounts held with us, and to apply the proceeds in reduction of all or part of your liability to any tax authority or us.
- 14.5 We shall have no responsibility to verify the accuracy of the information provided by you and are entitled to rely on such information to fulfil our obligations.
- 14.6 We shall have no liability whatsoever for the lack of any tax relief, or any failure to obtain the benefit of any tax credit.
- 14.7 In the event that we provide custody services to you, you acknowledge and agree that we reserve the right to deduct or withhold from any payment to you, amount equivalent to all Taxes of whatever nature (including without limitation any provision for withholding income or business tax on capital gain) that are incurred by, assessed on or imposed upon any Indemnified Parties by any China Connect Authorities and/or the State of Administration of Tax of Mainland China at any time in connection with any purchase, sale or closing out of any orders/transactions entered into by us as agent on your behalf.

15. Miscellaneous

- 15.1 You will execute any further documents and provide any materials and/or information as we may reasonably request to enable us to perform our duties and obligations under these China Connect Terms which we deem necessary as and when the China Connect Laws or the China Connect Rules are amended or supplemented from time to time.
- 15.2 You will provide all information (including translations into Chinese, if required) to us which we request if such information is requested by any China Connect Authority, any China Connect Entity or any exchange, regulatory authority or any organisation (whether within or outside Hong Kong) with which HKEx or the SEHK has entered into an information sharing arrangement or agreement. You acknowledge that, your failure to comply with this provision may, amongst other things, result in a suspension of China Connect services to you. SEHK Rule 569B
- 15.3 We reserve the right to vary any of the terms of these China Connect Terms by written notice to you.

This Schedule describes some of the key risk factors and other information concerning China Connect. This Schedule does not disclose all the risks and other significant aspects of Northbound Trading through China Connect. You should ensure that you understand the nature and risks of China Connect and Northbound trading and you should consider carefully (and consult your own advisers where necessary) whether trading in China Connect Securities is suitable for you in light of your circumstances. The decision to trade in China Connect Securities is yours, but you should not trade in China Connect Securities unless you fully understand and are willing to assume the risks associated with China Connect and are able to comply with all relevant China Connect Laws and China Connect Rules. You acknowledge the risks and agree to the terms set out in this Schedule. You are responsible for monitoring changes in the China Connect Laws and China Connect Rules and complying with any new requirements.

We do not represent that the information set out in this Schedule is up to date, and do not undertake to update the information set out in this Schedule. In addition, we do not provide any warranty with respect to such information and no such information is to be construed as legal, financial or tax advice of any kind by us.

Home Market Rules

1 Home Market Rules

A fundamental principle of China Connect is that the laws and rules of the home market of the applicable securities shall apply to investors in such securities. In respect of China Connect Securities, Mainland China is the home market and thus the general principle is that investors in China Connect Securities should observe the SSE Rules and/or the SZSE Rules (as the case may be) and other Mainland China securities laws and regulations. If such rules and regulations are breached, the relevant China Connect Market has the power to carry out an investigation.

Nevertheless, certain Hong Kong legal and regulatory requirements will also continue to apply to Northbound trading.

Trading and Settlement Restrictions

2 Pre-Trade Checking

SEHK is required to check all the Northbound sell orders either (i) on the stock account(s) at the Exchange Participant level or (ii) if you have opened an SPSA (including any Mapped SPSA) with one or more Custodian Participants, on the relevant SPSA and/or Mapped SPSA, to ensure there is no overselling in excess of the stock holding in the relevant account. Such Pre-Trade Checking will be carried prior to the start of each Trading Day.

For a client who places an SPSA Sell Order and/or Master SPSA Sell Order, the above mentioned Pre-Trade Checking will be carried out on the relevant SPSA and/or the Mapped SPSAs. HKSCC will determine the number of China Connect Securities in each SPSA and/or the Mapped SPSAs prior to the start of each Trading Day, which will serve as the limit for the amount of sell orders that may be executed in relation to each SPSA and/or the Mapped SPSA for that day. If there has been a failure (for whatever reason) to deliver China Connect Securities from the SPSA and/or the Mapped SPSAs to settle a sell order, HKSCC may deduct those China Connect Securities from the balance of China Connect Securities available for selling from that SPSA and/or the Mapped SPSAs on subsequent Trading Days, notwithstanding the actual China Connect Securities balance of that SPSA and/or the Mapped SPSAs.

Accordingly, you may be unable to execute Northbound sell orders due to Pre-Trade Checking related requirements. Your attention is drawn to the provisions set out in Clause 8 of the China Connect Terms. Note in particular that you may be unable to execute a sell order of China Connect Securities if (i) there has been a delay or failure for whatever reason in the transfer of the relevant China Connect Securities to any clearing account of us or (ii) (in respect of an SPSA Sell Order and/or Master SPSA Sell Order) there is not sufficient China Connect Securities

in the relevant SPSA and/or the Mapped SPSAs, even if you have additional China Connect Securities in another SPSA and/or another Mapped SPSA mapped to a different Master SPSA ID, if for any other reason we consider that there is or may be non-compliance with any China Connect Laws or China Connect Rules.

Any risk, loss or cost resulting from non-compliance or potential non-compliance with Pre-Trade Checking and/or the relevant China Connect Laws or China Connect Rules shall be borne by you.

Furthermore, we may act as executing broker for other clients in addition to you in relation to the China Connect Securities. If any other such client fails to deliver sufficient China Connect Securities to us or our Clearing Participant to ensure timely settlement of that client's SPSA Sell Order and/or Master SPSA Sell Order, we or our Clearing Participant may have an overdue short stock position in the relevant China Connect Securities, resulting in all of our settlement instructions in CCASS for delivery of the same China Connect Securities to be put on hold by HKSCC pending resolution of the shortfall. While such settlement instructions are placed on hold, there may be a delivery failure in respect of your SPSA Sell Orders and/or Master SPSA Sell Order in respect of the same China Connect Securities.

3 Settlement

Northbound trades will follow the settlement cycle of the relevant China Connect Market. For settlement of China Connect Securities trades, ChinaClear will debit or credit the securities accounts of its participants (including HKSCC as clearing participant) on T day free of payment. We may have settlement arrangements in place different from the ChinaClear settlement arrangements. Unless we agree to prefund settlement, settlement of funds relating to such trading will be effected on T+1 day. We may, in our absolute discretion, decide to prefund settlement. In the event we agree to prefund the settlement of China Connect Securities trades, (a) we shall retain the funds received from the HKSCC on T+1 day; and (b) you shall reimburse us with respect to any 'excess' pre-funding provided by us.

Although the transfer of the China Connect Securities precedes the transfer of cash, under the China Connect Service, the title to China Connect Securities will not be released until the receipt of confirmation of payment. Accordingly, for purposes of contract notes, the settlement date would be T+1 day when both the securities and the cash are settled or, where the purchase was pre-funded, the settlement date would be the date on which the securities are released.

You acknowledge that there is no guarantee that we will offer prefunding settlement and that if we decide to offer prefunding settlement, we may decide to terminate such service at any time.

4 Quota Restrictions

Purchases of China Connect Securities through China Connect are subject to certain quota controls as described below. As a result, there is no assurance that a buy order can be successfully placed through China Connect.

There is a daily quota that limits the maximum value of all Northbound buy trades in respect of each China Connect Market that can be executed by Exchange Participants on each Trading Day ("**Daily Quota**"). The Daily Quota may change from time to time without prior notice and investors are advised to refer to the HKEx website and other information published by the HKEx for up-to-date information.

The SEHK and the relevant China Connect Market may also set pricing and other restrictions on buy orders in order to prevent the artificial use or filling of the Daily Quota.

SEHK Rules
14A07(12),
14B07(8) and 1428

If there is a restriction, rejection or suspension of Northbound buying (which would include any order that has been accepted but not yet executed) as a result of a breach of the Daily Quota or the relevant pricing and other restrictions, we will be unable to carry out any buy orders and any instruction to buy submitted but not yet executed will be restricted or rejected.

Conversely, under the SEHK rules, investors may sell their China Connect Securities regardless of whether there is a breach of the Daily Quota.

5 Restriction on Day Trading

Day (turnaround) trading is not permitted on the China Connect Markets. If you buy China Connect Securities on T day, you may be able to sell the shares only on or after T+1 day. Due to Pre-Trade Checking related requirements, we may accept an instruction to sell China Connect Securities that were bought on T day only on or after the applicable cut-off time (as notified to you by us from time to time) on T+1 day.

6 No off-exchange trading and transfers

SEHK Rules
14A12 and 14B12

You, we and any Related Person shall not, with certain limited exceptions, trade or provide services to facilitate trading of any China Connect Securities otherwise than through the China Connect Market System, and we shall not match, execute or arrange the execution of any sale and purchase instructions or any transfer instructions from you or effect any Non-trade Transfer or settlement of instructions in respect of any China Connect Securities in any manner otherwise than through China Connect in accordance with the China Connect Rules, except in the following circumstances or as otherwise provided by a relevant China Connect Authority:

- (a) stock borrowing and lending of China Connect Securities which are eligible for covered short selling and with a tenor of no more than one month;
- (b) stock borrowing and lending of China Connect Securities which are eligible for satisfying the Pre-trade Checking requirement with a tenor of one day (and which is not renewable);
- (c) post-trade allocation of China Connect Securities by a fund manager across the funds and/or sub-funds it manages; and
- (d) any other situations specified by the relevant China Connect Market and ChinaClear, including but not limited to any Non-trade Transfer as a result or for the purpose of (a) succession, (b) divorce, (c) dissolution, liquidation or winding up of any company or corporation, (d) donation to a charitable foundation; and (e) assisting in any enforcement action or proceedings of any court, prosecutor or law enforcement agency.

7 Placing Orders

Only limit orders with a specified price are allowed pursuant to China Connect Laws and China Connect Rules, whereby buy orders must not be lower than at the current best price and sell orders may be executed at or higher than the specified price. Market orders will not be accepted.

8 China Connect Market Price Limits

China Connect Securities are subject to a general price limit of a $\pm 10\%$ based on the previous Trading Day's closing price. In addition, China Connect Securities which are on the risk alert board are subject a $\pm 5\%$ price limit based on the previous Trading Day's closing price. The price limit may be changed from time to time. All orders in respect of China Connect Securities must be within the price limit. Any orders with a price beyond the price limit will be rejected by the relevant China Connect Market.

9 Delisting of companies listed on a China Connect Market

According to the SSE Rules and the SZSE Rules, if any company listed on any China Connect Market (other than a company listed on the ChiNext Board) is in the delisting process, or its operation is unstable due to financial or other reasons such that there is a risk of being delisted or exposing investors' interest to undue damage, such company will be earmarked and traded on the risk alert board. Any change to the risk alert board may occur without prior notice. Investors will only be allowed to sell such China Connect Security and are restricted from

further buying of such China Connect Security. For details concerning the risk alert board, please refer to the SSE Rules, SZSE Rules and any other relevant sources from time to time.

10 Account Information of Beneficial Owner

The identity of the beneficial owner of China Connect Securities which are the subject of a sell order may need to be disclosed to HKSCC and/or relevant Mainland China authorities.

11 No Manual Trade or Block Trade

There will be no manual trade facility or block trade facility for Northbound trading under China Connect.

12 Amendment of Orders and Loss of Priority

Consistent with the current practice in Mainland China, if an investor engaged in Northbound trading wishes to amend an order, the investor must first cancel the original order and then input a new one. Accordingly, order priority will be lost and, subject to the Daily Quota balance restrictions, the subsequent order may not be filled on the same Trading Day.

13 Special China Connect Securities

SEHK will accept or designate securities which cease to meet the eligibility criteria for China Connect Securities as Special China Connect Securities (provided that they remain listed on the relevant China Connect Market). In addition, any securities or options (which are not 'eligible for China Connect trading') received by you as a result of any distribution of rights or entitlements, conversion, takeover, other corporate actions or abnormal trading activities will be accepted or designated by SEHK as Special China Connect Securities. You will only be able to sell, but not buy, any Special China Connect Securities.

Mainland China and Hong Kong Legal Issues

14 Disclosure of Interests

SEHK Rules
14A09 and 14B09

Under Mainland China laws, rules and regulations, if you hold or control shares (on an aggregate basis, i.e., including both domestically and overseas issued shares of the same Mainland China Listco (as defined below), whether the relevant holdings are through Northbound trading, QFII/RQFII regime or other investment channels) in a Mainland China incorporated company which is listed on a Mainland China stock exchange (a "**Mainland China Listco**") above a certain threshold as may be specified from time to time by the relevant China Connect Authorities, you must disclose such interest within the period specified by the relevant China Connect Authority, and you must not buy or sell any such shares within the period specified by the relevant China Connect Authority. You must also disclose any substantial change in your holding as required by the relevant China Connect Authority.

Where a Mainland China incorporated company has both H Shares listed on the SEHK and A Shares listed on a China Connect Market, if an investor is interested in more than a certain threshold (as may be specified from time to time) of *any* class of voting shares (including A Shares purchased through China Connect) in such Mainland China incorporated company, the investor is under a duty of disclosure pursuant to Part XV of the SFO. Part XV of the SFO does not apply where the Mainland China incorporated company has not listed any shares on the SEHK.

It shall be your responsibility to comply with any disclosure of interest rules from time to time imposed by the relevant China Connect Authorities and arrange for any relevant filings.

15 Short Swing Profit Rule

Under Mainland China laws, rules and regulations, the "short swing profit rule" requires you to give up/return any profits made from purchases and sales in respect of China Connect Securities of a particular Mainland China Listco if (a) your shareholding in that Mainland China

Listco exceeds the threshold prescribed by the relevant China Connect Authority from time to time and (b) the corresponding sale transaction occurs within the six months after a purchase transaction, or vice versa. You (and you alone) must comply with the “short swing profit rule”.

16 Foreign Ownership Limits

Under Mainland China laws, rules and regulations, there is a limit to how many shares a single foreign investor is permitted to hold in a single Mainland China Listco, and also a limit to the maximum combined holdings of A-Shares of all foreign investors in a single Mainland China Listco. Such foreign ownership limits may be applied on an aggregate basis (i.e. across both domestically and overseas issued shares of the same issuer, whether the relevant holdings are through Northbound Trading, QFII/RQFII regime or other investment channels). It shall be your responsibility to comply with all foreign ownership limits from time to time imposed by China Connect Laws and China Connect Rules. Such legal and regulatory restrictions or limitations may have an adverse effect on the liquidity and performance of an investment in China Connect Securities due to factors such as limitations on fund repatriation, dealing restrictions, adverse tax treatments, higher commission costs, regulatory reporting requirements and reliance on services of local custodians and service providers. As a result, you may suffer losses through your trading or investment in China Connect Securities.

SEHK Rules
14A08(2) and (3)
and 14B08(2) and
(3)

If we become aware that you have breached (or reasonably believes that you may breach upon execution of further Northbound buy orders) any foreign ownership limits, or if we are so required by any China Connect Authority, including, without limitation, as a result of any Forced-sale Notice issued by the relevant China Connect Market, we will sell any China Connect Securities pursuant to Clause 11 (*Sale, Transfer and Disgorgement*) above if you fail to comply with the corresponding Client Forced-sale Notice in order to ensure compliance with all China Connect Laws and China Connect Rules. In such case, no buy orders for the relevant China Connect Securities will be accepted until the relevant China Connect Market informs its corresponding SEHK Subsidiary or SEHK that the aggregate foreign shareholding has fallen below a certain percentage. SEHK may determine in its absolute discretion which Exchange Participants and what quantity of China Connect Securities should be subject to a Forced-sale Notice (this is likely to be on a “last-in, first-out” basis), and SEHK’s (or the relevant SEHK Subsidiary’s) own records shall be final and conclusive.

Moreover, under Mainland China laws, where the aggregate holdings of foreign investors exceeds a specified percentage (the “**Cautionary Level**”) of the issued shares of a single Mainland China Listco, upon notification by the relevant China Connect Market to the SEHK Subsidiary, SEHK and the relevant SEHK Subsidiary are required as soon as practicable thereafter to suspend accepting China Connect Securities buy orders in respect of the relevant China Connect Securities. In such circumstances, we may reject your buy orders until the aggregate shareholding of foreign investors has fallen below the specified percentage (the “**Permitted Level**”) as advised by the relevant China Connect Market.

As of the date of these China Connect Terms, the single foreign investor limit is set at 10% of the shares of a Mainland China Listco and the aggregate foreign investor limit on A-Share holdings is set at 30% of the shares of a Mainland China Listco (while the Cautionary Level and the Permitted Level are set at 28% and 26% respectively of the shares of a Mainland China Listco). Such limits are subject to change from time to time and we shall not be under any obligation to inform you of any such changes to foreign ownership limits.

17 Taxation

Prior to investing in China Connect Securities, you are strongly urged to consult your own tax advisers and counsel with respect to the possible Hong Kong and/or Mainland China tax consequences to you of such investment since such tax consequences may differ in respect of different investors.

You will be fully responsible for any Taxes in respect of China Connect Securities including, without limitation, any capital gains tax or other Mainland China taxes, and will indemnify us and any Related Person from and against all Hong Kong and/or Mainland China Taxes which we

or Related Persons may incur arising in connection with any China Connect Securities which you hold, trade or otherwise deal in.

We assume no responsibility for advising on or handling any tax issues, liabilities and/or obligations in connection with China Connect, nor will we provide any service or assistance in this regard.

18 Insider Dealing, Market Manipulation and Other Market Conduct Rules

Northbound trading through the China Connect will be subject to Mainland China laws and regulations prohibiting activities that constitute market manipulation, insider dealing and related offences. The scope of these restrictions may not be the same as equivalent requirements under Hong Kong law. In particular, defences applicable under Hong Kong market misconduct rules may not be applicable under Mainland China laws and regulations. If you are unfamiliar with Mainland China market conduct requirements and restrictions, you should seek specialist advice before engaging in trading through the China Connect. You confirm that you are not in possession of inside information when trading China Connect Securities or procuring others to do so.

19 Client Securities Rules

By way of brief background, the Client Securities Rules prescribe how client assets are to be dealt with by all intermediaries and their associated entities. However, as the China Connect Securities traded through China Connect are not listed or traded on the SEHK, the Client Securities Rules will not apply unless otherwise specified by the SFC or any other relevant China Connect Authority.

20 Investor Compensation Fund

Trading in China Connect Securities does not enjoy the protection afforded by the Investor Compensation Fund established under the SFO. Accordingly, when you trade in China Connect Securities, unlike the trading of SEHK-listed securities, you will not be covered by the Investor Compensation Fund in respect of any loss you may sustain by reason of a default by SFC licensed or registered persons.

21 Ownership of China Connect Securities

Hong Kong law recognises the proprietary interest of investors in shares held for them by their broker or custodian in CCASS. Such recognition should apply equally to China Connect Securities held for Hong Kong and overseas investors by the Clearing Participant through HKSCC. In addition, in Mainland China (where China Connect Securities are registered in a securities account opened with ChinaClear in the name of HKSCC), it is expressly stipulated in the CSRC China Connect Rules that HKSCC acts as the nominee holder and the Hong Kong and overseas investors are the beneficial owners of the China Connect Securities.

You should conduct your own review of the materials published by HKEX on China Connect in relation to the ownership of China Connect Securities and the applicable China Connect Rules as they may be amended and supplemented from time to time. You should also consult your own legal advisers to make your own assessment of your rights as a Northbound investor in China Connect Securities.

Under the rules of CCASS, HKSCC is prepared to provide assistance to the beneficial owners of China Connect Securities where necessary. HKEx notes that any beneficial owner who decides to take legal action in respect of China Connect Securities held for them by the Clearing Participant through HKSCC is responsible for seeking its own independent legal advice to satisfy itself and HKSCC that a cause of action exists and the beneficial owner should be prepared to conduct the action and take up all costs in relation to the action, including providing HKSCC with indemnities and legal representation in proceedings. Further details are set out in the HKEx published materials.

22 Risk of ChinaClear Default

ChinaClear has established a risk management framework and measures that are approved and supervised by the CSRC. If ChinaClear (as the host central counterparty) defaults, HKSCC has stated that it may (but shall have no obligation to) take any legal action or court proceeding to seek recovery of the outstanding China Connect Securities and monies from ChinaClear through available legal channels and through ChinaClear's liquidation process, if applicable. As ChinaClear does not contribute to the HKSCC guarantee fund, HKSCC will not use the HKSCC guarantee fund to cover any residual loss as a result of closing out any of ChinaClear's positions. HKSCC will in turn distribute the China Connect Securities and/or monies recovered to clearing participants on a pro-rata basis as prescribed by the relevant China Connect Authorities. We in turn will be distributing China Connect Securities and/or monies to the extent recovered directly or indirectly from HKSCC. Although the likelihood of a default by ChinaClear is considered to be remote, investors should be aware of this arrangement and of this potential exposure before engaging in Northbound trading.

23 Risk of HKSCC Default

Our provision of services pursuant to these China Connect Terms also depends upon the performance by HKSCC of its obligations. Any action or inaction of the HKSCC or a failure or delay by the HKSCC in the performance of its obligations may result in a failure of settlement of China Connect Securities and/or monies in connection with them and you may suffer losses as a result. Neither we nor any Related Person shall have any responsibility or liability for any such losses.

24 Scripless Securities

China Connect Securities are traded in scripless form and accordingly, China Connect Securities may not be physically deposited into and/or withdrawn from CCASS.

Other Operational Issues

25 Company Announcements on Corporate Actions

Any corporate action in respect of China Connect Securities will be announced by the relevant issuer through the SSE website and/or SZSE website (as the case may be) and certain appointed newspapers. HKSCC will also record all corporate actions relating to China Connect Securities in CCASS and inform its clearing participants of the details via the CCASS terminals as soon as practicable on the announcement date. Investors engaged in Northbound trading may refer to the SSE website and/or the SZSE website (as the case may be) and the newspapers and websites officially appointed from time to time or, alternatively, the HKEx website's China Stock Markets Web (or such other replacement or successor web page from time to time) for corporate actions in respect of China Connect Securities issued on the previous trading day. Investors should note that (i) issuers that are listed on the China Connect Markets publish corporate documents in Simplified Chinese only, and English translations will not be available and (ii) issuers listed on the ChiNext Board are required to publish certain corporate announcements on their corporate websites and the officially appointed websites only.

In addition, HKSCC will endeavour to collect and distribute cash dividends relating to China Connect Securities to clearing participants in a timely manner. Upon receipt of the dividend amount, HKSCC will to the extent practicable arrange to distribute to relevant clearing participants on the same day.

Unlike the current practice in Hong Kong in respect of SEHK-listed shares, investors engaged in Northbound trading may not be able to attend shareholder meetings by proxy or in person.

We do not and cannot ensure the accuracy, reliability or timeliness of any company announcements of corporate actions and neither we nor any Related Person accept any liability (whether in tort or contract or otherwise) for any loss or damage arising from any errors, inaccuracies, delays or omissions or any actions taken in reliance thereon. We expressly

disclaim all warranties, expressed or implied, as to the accuracy of any company announcement or as to the fitness of the information for any purpose.

26 Average Pricing across Funds for Fund Managers

If you act as a fund manager for more than one fund or an asset manager on behalf of more than one client and you pre-allocate China Connect orders across such funds or clients which you manage, we may offer Average Pricing for such orders notwithstanding such orders may be executed at different times during the same Trading Day. Where Average Pricing applies, each fund or client will be allocated China Connect Securities (or their proceeds) at the same averaged price, which may be higher or lower than the price which such fund or client would have paid or received had the orders been processed individually and in the order submitted directly or indirectly to us. Neither we nor any Related Person will be responsible for any such differences in pricing or any loss or risk arising from the application of Average Pricing.

27 Disclosure of Information and Publication of Trade Information

SEHK may require us to provide information on your profile, and the type and value of your orders in relation to Northbound trading of China Connect Securities and the trades which we executed for you at such intervals and in such form as SEHK may specify from time to time for purposes of the publication, dissemination or public distribution of aggregated information in respect of China Connect Securities trades under China Connect, trading volumes, investor profiles and other related data. SEHK may forward such information to the relevant China Connect Market for surveillance and investigation purposes.

28 Client Error

Neither we nor any Related Person shall be liable for any loss, damage or expense or consequential loss, damage or expense suffered by an investor as a result of any trading based on the investor's instructions. We will not be able to unwind any trade, and investors should also take note of the settlement arrangements in respect of China Connect Securities under China Connect, including but not limited to quota restrictions.

The China Connect Rules generally prohibit any off-exchange trading or transfers. However transfers may be permitted between you and us to rectify a trade in limited circumstances, although there is a lack of clarity as to the circumstances in which such transfers may be permitted. We shall have absolute discretion to determine whether to conduct any transfer to rectify any error trade and shall have no obligation to do so. Neither we nor any Related Person shall have any liability for any losses which may result directly or indirectly from such errors or any refusal to conduct a transfer to correct an error trade.

29 Retention of Information

You acknowledge and accept that we will be required under the China Connect Rules to keep records for a period of no less than 20 years of (a) all orders and trades executed on your behalf, (b) any instructions received from you; (c) your account information in relation to Northbound trading; and (d) all relevant information concerning margin trading and stock borrowing and lending of any China Connect Securities (including, without limitation, in respect of any such margin trading, the relevant securities margin trading arrangement and the funds provided).

30 China Connect Market System

SEHK or the relevant SEHK Subsidiary (after consulting with SEHK) may, under certain circumstances as specified in the SEHK rules and/or whenever the SEHK determines that it is appropriate and in the interest of a fair and orderly market to protect investors, temporarily suspend or restrict all or part of the order-routing and related supporting services with regard to all or any Northbound trading of China Connect Securities, and for such duration and frequency as SEHK may consider appropriate. You will not be able to buy or sell China Connect Securities on SEHK through China Connect during any period in which trading of China Connect Securities is suspended. In particular, you should note that while trading of China Connect

Securities is suspended by the SEHK, trading of such China Connect Securities may continue on the relevant China Connect Market. You may remain exposed to fluctuations in the price of China Connect Securities caused by trading on the relevant China Connect Market during the period when trading of such China Connect Securities is suspended by SEHK.

SEHK has absolute discretion to change the operational hours and arrangements of the China Connect Service at any time and without advance notice, whether on a temporary basis, due to operational needs, inclement weather, under emergency situations or otherwise. Moreover, SEHK or the relevant SEHK Subsidiary (with the agreement of SEHK) may cease the provision of the China Connect Northbound trading service permanently.

Such suspension, restriction or cessation will affect *our* ability to accept and process your orders and you are advised to refer to the HKEx website and other information published by the HKEx for up-to-date information. There can be no assurance that your orders will be accepted or processed, notwithstanding that China Connect Securities may be traded through other channels including, without limitation, by Mainland China investors on the relevant China Connect Market.

Further, the SEHK rules state that where any H Shares with corresponding A Shares eligible as China Connect Securities are suspended from trading on SEHK, but the corresponding A Shares are not suspended from trading on the relevant China Connect Market, the service for routing the China Connect sell orders and China Connect buy orders for such A Shares to the relevant China Connect Market for execution will normally remain available. However, SEHK may, in its discretion, restrict or suspend such service without prior notice and your ability to place sell orders and buy orders may be affected.

The China Connect Market System is a platform for trading of China Connect Securities under China Connect. We provide trading services based on the China Connect Market System which is operated by the relevant China Connect Market. We are not responsible for any delay or failure caused by any China Connect Market System and investors accept all risks arising from trading China Connect Securities through any China Connect Market System. Neither we nor any Related Person shall be responsible or held liable for any loss or damage directly or indirectly suffered by you arising from or in connection with the China Connect Service or the CSC through Northbound trading including, without limitation, the following:

- (a) a suspension, restriction or cessation of the China Connect Service or the CSC, or any inability to access or use the CSC or the China Connect Service;
- (b) any special arrangement put in place or any action, step or measure taken or not taken to deal with an emergency or contingencies including but not limited to the cancellation of any or all China Connect orders input by Exchange Participants;
- (c) any suspension, delay, interruption or cessation of trading of any China Connect Securities on the relevant China Connect Market;
- (d) any delay, suspension, interruption or order cancellation of any China Connect Securities as a result of the hoisting of a Typhoon Signal No.8 or above or the issuance of the Black Rainstorm Warning in Hong Kong;
- (e) any delay or failure to route any China Connect orders or any delay or failure to send any order cancellation requests or to provide the China Connect Service due to any system, communication or connection failure, power outage, software or hardware malfunction or other events beyond our control or the control of SEHK, us or a Related Person;
- (f) any China Connect order which a China Connect Exchange Participant has requested to be cancelled not being cancelled for any reason whatsoever;
- (g) in the event that SEHK or the relevant China Connect Market requires that we reject any order for China Connect Services;
- (h) any delay, failure or error of any China Connect Market System or any system upon which we, the relevant SEHK Subsidiary or a Related Person is reliant in providing the China Connect Service; and
- (i) any delay or failure to execute, or any error in matching or executing, any China Connect order due to reasons beyond the control of SEHK, HKEx, the relevant SEHK Subsidiary, us or any Related Person, including but not limited to any action or decision taken or made, or not taken or made, by any China Connect Authority or any other relevant governmental or regulatory body.

If there is a delay or failure to send order cancellation requests in any circumstance described in paragraph (e) above, you shall, in the event such order is matched and executed, remain responsible for fulfilling any settlement obligations in respect of such transaction.

You acknowledge that HKEx, SEHK, the SEHK Subsidiaries, the China Connect Markets, subsidiaries of the China Connect Markets and their respective directors, employees and agents are not responsible or held liable for any such losses.

31 Operational Hours

SEHK has absolute discretion to determine from time to time the operational hours of the China Connect service, and will have absolute discretion to change the operational hours and arrangements of the China Connect service at any time and without advance notice whether on a temporary basis or otherwise. We shall not be under any obligation to inform you of any such determinations by the SEHK as to the operational hours of the China Connect service. ^{SEHK Rule 1415}

Where, for example, there is any price sensitive information relating to a Mainland China Listco during a time when China Connect Service is not in operation, the A Shares of the Mainland China Listco may continue to trade on the relevant China Connect Market and the price of such A Shares may move significantly. In such case, Northbound investors will not be able to trade in such shares until the next available Trading Day under China Connect.

32 Margin Trading

Following are some key risk factors and/or other information concerning margin trading of China Connect Securities, where we have informed you of our consent to providing margin trading services on China Connect Securities.

Subject to certain conditions prescribed by the China Connect Authorities, Hong Kong and overseas investors may conduct margin trading in China Connect Securities determined by the relevant China Connect Authorities to be eligible for margin trading ("**Eligible Margin Trading Securities**"). The HKEx will from time to time publish a list of Eligible Margin Trading Securities. A China Connect Market may suspend margin trading activities in any specific A Share if the volume of margin trading activities in such A Share exceeds a threshold determined by such China Connect Market and resume margin trading activities when the volume of margin trading drops below a prescribed threshold. Where the SEHK is notified by the relevant China Connect Market that a suspension or resumption involves a security on the list of Eligible Margin Trading Securities, the HKEx will disclose such information on its website. In such circumstances, any margin trading (except for margin trading in respect of China Connect Securities buy orders) in the relevant China Connect Security shall be suspended and/or resumed accordingly. The relevant China Connect Market reserves the right to acquire at some future date for margin trading orders to be flagged when routed to China Connect. Neither we nor any Related person shall have any obligation to update you in respect of the list of Eligible Margin Trading Securities or any restrictions or suspensions in respect of margin trading from time to time.

33 Rights Issuances

Where you receive any form of entitlement security from the issuer of a China Connect Security, if such entitlement security:

- (a) is a China Connect Security, you will be permitted to buy and sell the entitlement security through China Connect;
- (b) is not a China Connect Security but is a RMB denominated security listed on the a China Connect Market, you may be allowed to sell the entitlement security through China Connect but will not be permitted to buy such entitlement security;
- (c) is a security listed on a China Connect Market but is not traded in RMB, you will not be allowed to buy or sell the entitlement security through China Connect; and
- (d) is not listed on a China Connect Market, you will not be allowed to buy or sell the entitlement security on China Connect unless and until appropriate arrangements (if any) have been provided by HKSCC. It is possible that no such alternative arrangements will be provided.

34 Odd Lot Trading

Odd lot trading in China Connect Securities is available only for sell orders and all odd lots must be sold in one single order. A board lot order may be matched with different odd lot sell orders, resulting in odd lot trades. Board lot and odd lot orders are matched on the same platform on China Connect and subject to the same share price. The maximum order size is 1 million shares and the tick size is uniformly set at RMB0.01.

35 Short Selling

Covered short selling must satisfy the requirements specified by the relevant China Connect Authorities, including that short selling orders are only in respect of China Connect Securities designated as eligible for short selling, are appropriately flagged as such and that they are subject to an uptick rule. Naked short selling of China Connect Securities is prohibited. The China Connect Authorities may also suspend the ability to engage in short selling of any China Connect Security if the volume of short selling activity exceeds thresholds prescribed by the relevant China Connect Market. You will be fully responsible for understanding and complying with short selling requirements as in effect from time to time and for any consequences of non-compliance.

36 Stock Borrowing and Lending

Following are some key risk factors and/or other information concerning stock borrowing and lending of China Connect Securities, where we have informed you of our consent to providing stock borrowing and lending services on China Connect Securities.

Stock borrowing and lending will be permitted for eligible China Connect Securities for the purpose of (a) covered short selling and (b) satisfying the Pre-Trade Checking requirement. Stock borrowing and lending of eligible China Connect Securities will be subject to restrictions set by SEHK and the relevant China Connect Market, including but not limited to the following:

- (a) stock borrowing and lending agreements for the purpose of covered short selling shall have a duration of not more than one month;
- (b) stock borrowing and lending agreements for the purpose of satisfying the Pre-Trade Checking requirement shall have a duration of not more than one day (and roll-over is not permitted);
- (c) stock lending will be restricted to certain types of persons to be determined by the relevant China Connect Market; and
- (d) stock borrowing and lending activities will be required to be reported to SEHK.

The relevant China Connect Market will determine a list of China Connect Securities eligible for stock borrowing and lending. Special China Connect Securities are not eligible for stock borrowing and lending for the purpose of covered short selling (but are eligible for the purpose of satisfying the Pre-Trade Checking requirement). We will be required to file a monthly report to the SEHK providing details of our stock borrowing and lending activities with respect to China Connect Securities. This may include (amongst others) details of the borrower, lender, amount of shares borrowed/lent, amount of shares outstanding and date of borrowing/returning.

Investors are advised to refer to the relevant provisions from time to time applicable in the SEHK China Connect Rules (as and when these are published) and in the China Connect Laws and China Connect Rules.

37 RMB Conversion

Any conversion of any currency into RMB pursuant to Clause 10 (*Settlement and Currency Conversion*) may be subject to conversion limits. Settlement of a Northbound buy order may be delayed and/or fail if there is a delay in converting the relevant currency into RMB. Any risk, loss or cost resulting from any such delay or failure of settlement shall be borne by you.

Risks associated with investing in China Connect Securities

General Mainland China related risk

Mainland China is an emerging market that possesses one or more of the following characteristics: a certain degree of political instability, relatively unpredictable financial markets and economic growth patterns, a financial market that is still at the development stage or a weak economy. Emerging markets investments usually result in higher risks such as event risk, political risk, economic risk, credit risk, currency rate risk, market risk, liquidity/gapping risk, regulatory/legal risk, trade settlement, processing and clearing risks and bondholder/shareholder risk.

Equity risk

Investing in China Connect Securities may offer a higher rate of return than investing in short term and longer term debt securities. However, the risks associated with investments in China Connect Securities may also be higher, because the investment performance of China Connect Securities depends upon factors which are difficult to predict. Such factors include the possibility of sudden or prolonged market declines and risks associated with individual companies. The fundamental risk associated with any equity portfolio is the risk that the value of the investments it holds might suddenly and substantially decrease in value.

General legal and regulatory risk

You must comply with all China Connect Laws and China Connect Rules. Furthermore, any change in any China Connect Laws or China Connect Rules may have an impact on the market sentiment which may in turn affect the performance of China Connect Securities. It is impossible to predict whether such an impact caused by any such change will be positive or negative for China Connect Securities. In the worst case scenario, you may lose a material part of your investments in China Connect Securities. In addition, any litigation or other legal actions brought before the courts in Mainland China will be subject to Mainland China laws, rules and procedures, which are not the same as those which apply to the courts in Hong Kong.

Currency risk

RMB is not yet freely convertible in Hong Kong, and is subject to foreign exchange controls and restrictions. Particularly, conversion of RMB through banks in Hong Kong is subject to certain restrictions. It may be difficult for investors to convert RMB into Hong Kong dollars or other currencies or vice versa at any specific time, and conversion will be subject to conversion costs and such costs and timings for conversion may not be of your preference.

In addition, the value of RMB against Hong Kong dollars or other foreign currencies may be affected by a wide range of factors. There is no guarantee that RMB will not depreciate. A depreciation of RMB may result in a decrease in the market value of RMB securities and the realisation price of RMB securities. Non-RMB based investors who are trading in RMB securities, may also sustain loss in the event that they subsequently convert any RMB proceeds back to Hong Kong dollars or other base currencies.

There are also significant restrictions on the remittance of RMB into and out of Mainland China. If the issuer of RMB securities is not able to remit RMB to Hong Kong or make distributions in RMB due to exchange controls or other restrictions, the issuer may make distributions (including dividends and other payments) in other currencies. Investors may therefore be exposed to additional foreign exchange risk and liquidity exposures.

The liquidity and trading price of China Connect Securities may be adversely affected by the limited availability of RMB outside Mainland China and restrictions on the conversion of RMB. These factors may affect the liquidity of RMB for investors and accordingly adversely affect the market demand for China Connect Securities.

ChiNext Shares

ChiNext Shares involve a high investment risk. In particular, profitability and other financial requirements for listing on the ChiNext Board are less stringent than the Main Board and the SME Board of the SZSE. You should make the decision to invest only after due and careful consideration.

Companies listed on the ChiNext Board may include enterprises in the innovation and technology sector as well as other start-up and/or growth enterprises with smaller operating scale and share capital. Stock prices may also be more susceptible to manipulation due to fewer circulating shares. Accordingly, the ChiNext Shares may be very volatile and illiquid. In addition, current information on such companies may be limited and may not be widely available.

It may be more common and easier for companies listed on the ChiNext Board to be delisted. The ChiNext Shares may become very illiquid after delisting. You may suffer a total loss of your investment in the event of a delisting.

STAR Shares

Below are some additional risks associated with STAR Shares and these are not exhaustive. You should also refer to the standard Risk Disclosure Statement in the Investor Eligibility Implementing Measure of STAR Market (上海證券交易所科創板股票交易風險揭示書必備條款), as amended, supplemented or updated from time to time.

Regulatory Risks

The rules and guidance on listing, trading, disclosure and other matters of the STAR Market vary much from those of the SSE main board. For example, on the listing requirements, lower net profit and revenue requirements will apply for company seeking IPO and listing on the STAR Market. Different trading arrangements will apply for the trading of companies listed on the STAR Market (the "**STAR companies**"), such as daily price limit, minimum order size and maximum order size. For details of the listing requirements and the trading arrangements of the STAR Market and the SSE main board, please visit SSE website.

Delisting Risks

The delisting standards of the STAR Market are different from those of the SSE main board. There are more situations that will lead to the delisting of STAR companies. STAR companies have greater exposure to the risk of being delisted, and such delisting process may be speeded up.

Operating Risks

STAR companies are generally in an early stage of development and have a shorter history. They are usually smaller in scale, have less stable operations, and are less resilient against market risks and industry risks. Although they may have higher growth potential and leverage more on technical innovations, their future performance particularly those without a profit track record is susceptible to great uncertainty.

High Share Price Volatility

The share prices of STAR companies may fluctuate largely and frequently due to changing market conditions, investor speculations, inconsistent financial results, etc. The unstable financial result also adds the difficulty to the company valuations.

Technical Risks

There is higher degree of uncertainty whether a STAR company is able to convert its technical innovations into physical products or services. When the industry is experiencing rapid technological development and replacement, its product may be obsolete and may not survive in the market.

You should seek independent professional advice if you are uncertain of or have not understood any aspect of this Annex, the nature and risks involved in trading of ChiNext Shares and/or STAR Shares.
